

Invitation

to the
**2023 Annual General Meeting of Shareholders
of SoftwareONE Holding AG**

Date and Time: **Thursday, 4 May 2023, at 3:00 pm CEST (doors open at 2:00 pm CEST)**

Place: **KKL Lucerne (Kultur- & Kongresszentrum Luzern), Europaplatz 1,
6005 Lucerne, Switzerland**

Dear Shareholder,

SoftwareOne continued its growth journey in 2022, demonstrating resilience and discipline against a backdrop of inflationary pressures, worsening macroeconomic conditions and the war in Ukraine. Together with the Executive Board, we took decisive action in responding to challenges, particularly with regards to cost control, leadership changes and external reporting improvements. As a result, I believe we have made solid progress in starting a new chapter for SoftwareOne, with the aim of consistently delivering profitable growth and value for our shareholders.

Since our listing as a public company in 2019, our Annual General Meetings have been held without the personal attendance of shareholders due to COVID-19 restrictions. On behalf of the Board of Directors, it is with great pleasure that I now invite you to our first in-person AGM. The AGM will take place in the KKL Lucerne on 4 May 2023 at 3:00 pm.

We are proposing important changes to the composition of the Board of Directors this year. After holding the office of Chairman of the business since its founding and at holding-level, created in 2013, for ten years, I will now hand over to my successor. I wish to remain an active member of the Board of Directors and I am committed to SoftwareOne as a significant shareholder. Adam Warby who is nominated as new independent Chairman and has been a member of our Board since 2021, has the right leadership and industry experience for this office. Furthermore, the Board of Directors proposes the election of Elizabeth Theophille as a new independent member of our Board of Directors. With over 30 years of international leadership experience in various technology roles, we believe that her deep sector expertise will be of great value to us. Peter Kurer has decided to not stand for re-election after ten years of service. In addition to the new nomination of Elizabeth Theophille, the current members Daniel von Stockar, José Alberto Duarte, Timo Ihamuotila, Marie-Pierre Rogers, Isabelle Romy, Adam Warby and Jim Freeman are standing for re-election to the Board of Directors.

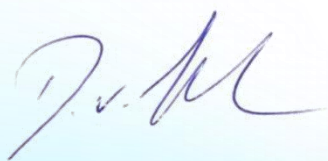

The proposed changes to the Board's composition are in line with our strategy to gradually renew and further develop the Board, while safeguarding its stability and increasing its independence.

At this year's AGM, we are also submitting various amendments to the Articles of Incorporation for your approval. These amendments are intended to implement the most important aspects of the recently enacted changes in Swiss corporate law that entered into force on 1 January, 2023, which will in particular strengthen shareholders' rights and modernise and simplify various processes.

I look forward to meeting as many of you as possible on 4 May 2023.

Thank you for your continued trust and support.

SoftwareONE Holding AG
For the Board of Directors:

Dr. Daniel von Stockar

1.2 Consultative Vote on the 2022 Compensation Report

Proposal: The Board of Directors proposes that the Compensation Report for the financial year 2022 be approved in a consultative vote.

(CHF)

9 Approval of the Maximum Aggregate Compensation Amounts for the Board of Directors and the Members of the Executive Board

9.1 Approval of the Maximum Aggregate Compensation for the Members of the Board of Directors for the Period Until the Following Annual General Meeting

Proposal: The Board of Directors proposes that the Annual General Meeting approve a maximum aggregate compensation amount of CHF 1,750,000 for the members of the Board of Directors for the period until the next Annual General Meeting.

Explanation: The proposed maximum aggregate compensation amount of CHF 1,750,000 is based on the compensation for eight members of the Board of Directors. The Board members are awarded 60% in cash and 40% in SoftwareOne shares (blocked for three years). Fees are paid in quarterly

installments over the one-year period. The increase of the maximum aggregate compensation compared with the previous year (2022: CHF 1,650,000) is mainly due to the potential introduction of an additional board committee.

The compensation of the Board of Directors includes compensation for Board membership and additional compensation for duties as member or chairperson of Committees. The Chairman of the Board of Directors, however, receives an annual base fee for his membership and does not receive any additional compensation for other roles and responsibilities assumed in Committees. The maximum aggregate amount includes:

- Compensation for Board membership including the Chair and Vice-Chair as well as Committee membership fees amounting to CHF 1,520,000.
- Estimated mandatory employer paid social security contributions and a reserve for unforeseen events amounting to CHF 230,000. Members of the Board of Directors are not eligible for any pension contributions by the Company.

The table below presents the compensation elements and the corresponding amounts:

(CHF)

Compensation elements	
Fixed compensation paid in cash	912,000
Fixed compensation paid in shares	608,000
Social security contributions and reserve	230,000
Total maximum aggregate compensation amount	1,750,000

9.2 Approval of the Maximum Aggregate Compensation for the Members of the Executive Board for the Financial Year 2024

Proposal: The Board of Directors proposes that the Annual General Meeting approve a maximum aggregate compensation amount of CHF 16,700,000 for the members of the Executive Board for the financial year 2024.

Explanation: The proposed maximum aggregate compensation amount of CHF 16,700,000 is based on the compensation for five members of the Executive Board. The proposed amount also takes into account some reserve for foreign exchange fluctuations. The total compensation of the Executive Board members is comprised of base salary, additional compensation elements, and variable compensation.

The compensation of the Executive Board is structured as follows:

- **Base salary:** The base salary for members of the Executive Board is paid in cash and based on market practice, responsibility, experience and achievements of each member. It amounts to CHF 3,850,000 (gross amount) in the aggregate for all Executive Board members.
- **Variable compensation:** SoftwareOne is committed to rewarding its Executive Board members for overall company performance and the individual Executive Board members' performance in line with the principle of pay-for-performance. It is comprised of Short-Term Incentives (STI) and Long-Term Incentive (LTI) awards.

- Short-Term Incentive (STI) plan: The STI focuses on annual business performance and individual performance, is paid fully in cash and capped at 200% of the target STI. The total maximum amount for all Executive Board members for the STI is CHF 6,400,000 (gross amount).
- Long-Term Incentive (LTI) plan: The LTI aims to further drive sustainable long-term value creation and is awarded in the form of Performance Share Units (PSUs) with vesting subject to performance and service conditions capped at two times the number of granted PSUs. The total granted amount, reflecting the fair market value of the PSUs, for all Executive Board members for the LTI is CHF 5,250,000 (gross amount).
- Additional compensation elements: Executive Board members are entitled to certain benefits and allowance packages as well as pension or equivalent contributions. These allowances are in line with company policy in the local jurisdiction. Executive Board members and the Company pay statutory contributions in line with the respective applicable legal requirements. The total maximum social security contributions, benefits and allowances for all Executive Board members are estimated at CHF 1,200,000 based on the maximum aggregate compensation amount.

The table below presents these compensation elements and the corresponding CHF amounts:

Compensation elements	in CHF
Base salary	3,850,000
Additional compensation elements	1,200,000
Short-Term Incentive (STI)	6,400,000 (maximum payout)
Long-Term Incentive (LTI)	5,250,000 (granted amount)
Total Compensation	16,700,000

The proposed maximum aggregate compensation amount for the members of the Executive Board of CHF 16,700,000 assumes that the Executive Board members' STI performance targets are achieved at a maximum of 200% whereas LTI awards are taken into account at their on target (100%) grant-date fair market value. The decision to switch the approach and to include the grant value of LTI awards was driven by transparency considerations in order to allow shareholders to more easily compare the approved compensation amounts with the information provided in the audited compensation tables of the respective compensation reports. In addition, it supports the forward-looking nature of the share-based LTI, as the final number of SoftwareOne shares under the LTI plan varies between two times the number of granted PSUs and zero subject to performance and service conditions set in advance for each three-year plan cycle. Employer-paid social security contributions subject to STI and LTI performance have been estimated assuming maximum performance for the STI and the grant-date fair market value for the LTI.

10 Amendment of the Articles of Incorporation

The Board of Directors proposes that the Articles of Incorporation of SoftwareONE Holding AG be amended as set out in proposals 10.1 to 10.4 below. The proposed changes mainly relate to the Swiss corporate law reform that entered into force on January 1, 2023. The application for entry into the share register can be submitted electronically.**

Explanation: Art. 4 para. 1 reflects the new legal terminology of art. 973c of the Swiss Code of Obligations.
